

# We have added a **NEW** feature

to the **RCM** (Revenue Cycle Management) for credit and debit card transactions for patients and payers. It is **FREE** to sign up to use this service.

**(Standard BlueSnap merchant fees of 2.9% may apply).**

## Benefits of using DENpay:

- ➔ *A virtual system with no hardware required*
- ➔ *Credit card information can be stored*
- ➔ *An auto charge can be done, eliminating the processing and patient balances automatically reconciled*
- ➔ *We charge \$0 for patient balances when used for patient payments*

**Click on the "patient payment" tab in the middle left hand side of the screen (dark gray taskbar on the left side)**

The screenshot shows a software interface with a dark gray sidebar on the left containing various icons. The 'patient payment' icon, which is a yellow circle with a white dollar sign, is highlighted. An orange arrow points from a green circle with the number '2' to this icon. The main content area features a top navigation bar with two summary cards: a blue card for 'Daysheet Count' showing '0' and an orange card for 'MTD Revenue' showing '\$0.00'. Below these are two tables. The first table, 'Claim Activity - Claim Amount', shows 'No Data found'. The second table, 'Provider Revenue MTD', also shows 'No Data found'.
